Re: Lindell Drop Forge

Chapter 7 Case Gl - 89 - 04254

Judge Gregg, the legal objection I have is, I paid for a benefit that I did not receive. When I was 18 years the pension representatives and the Unit Chairman told us that our money would be invested in various ways. The pension insurers said that we would have money to retire off of, since most people could not trust themselves to save that many years. This was supposed to be a win-win situation for everyone involved. Having two small children at home ages

3 years and a newborn 2 months I really need this money. Being 64 years old I really want to make ^{sure} that these children go to college as my older kids have ages 42-43

(2) Legal objection

Neither pension or bankruptcy law should apply to this case because it was a ~~le~~ buyout. The final year this company was open it made 45,000,000 with a 800,000 equipment liability. Since the debt of 800,000 was a public liability the company could be seized for the vendor receipts. The company continues in business under another name Lake City Drop Forge 4150 Wolcott Rd Lake City, Mich Phone # 231-839-7507. Since the company is still in business I should be paid
